# Certificate in Understanding Autism

## Level 2 NCFE/CACHE

Autism is a spectrum condition that affects how a person communicates with others and how they interpret the world around them. There are around 700,000 people in the UK with autism – more than 1 in every 100. Having a clear understanding of the misconceptions, diagnoses and support surrounding autism are just some of the essential skills needed when working in mental health.

What you will learn:

Introduction to Autism

Using a Person-Centred Approach to Support Individuals with Autism

Communication and Social Interaction in Individuals with Autism

Sensory Processing, Perception and Cognition in Individuals with Autism

Supporting Positive Behaviour in Individuals with Autism

Supporting Individuals with Autism to Live Healthy and Fulfilled Lives

The Benefits:

Achieve a nationally recognised Level 2 qualification

Improve your understanding of theories relating to autism

Further your personal and professional development

Ensure you understand what is meant by autism and how it is diagnosed

Learn at a time that suits you without the need to attend college
