Functional Skills Maths

Entry Level 1, 2 & 3 NCFE

Functional Skills qualifications are designed to enable learners to gain confidence in using mathematics.

The qualifications provide a foundation for progression into employment or further technical education and develop skills for everyday life, where the skills gained can be applied to solve mathematical problems.

The purpose of Entry Level Functional Skills Mathematics qualifications are to demonstrate a sound grasp of the basic and underpinning mathematical skills appropriate to the level, and the ability to apply mathematical thinking to solve simple problems in familiar situations.

Learners must obtain a grade of 'Pass' in each of the 1 mandatory assessment components:

- A non-calculator part
- A calculator aided part
- Subjects to be chosen by you and your tutor

These courses are delivered fully online, with tutor support.
