Functional Skills Maths

Level 1 & 2 NCFE

Functional Skills qualifications are designed to enable learners to gain confidence in using mathematics. The qualifications provide a foundation for progression into employment or further technical education and develop skills for everyday life, where the skills gained can be applied to solve mathematical problems.

The purpose of Level 1 and Level 2 Functional Skills Mathematics qualifications are to demonstrate a sound grasp of mathematical skills at the appropriate level and the ability to apply mathematical thinking effectively to solve problems successfully in the workplace and in other real life situations.

Learners must obtain a grade of 'Pass' in each of the 1 mandatory assessment components:

- A non-calculator part
- A calculator aided part
- Subjects to be chosen by you and your tutor

These courses are delivered fully online, with tutor support.
